'Quality You Can See'

ARCTIC FOX

NORTHWOOD MFG

Cactus - Model 1150

For years, Northwood has been the industry leader in slide out truck campers and this year is no exception! Like all Arctic Fox Campers, these new Foxes are durable enough for extended cross-country and off-road travel! Our transverse floor structure offers a wider main floor giving a spacious feel that is immediately apparent upon entering the coach. Check out the new features such as the comfortable and convenient Dream Dinette, with no table legs to negotiate around, and the new larger dinette window to enhance your view of the outdoors while dining or relaxing. Arctic Fox is the leader in slide out truck camper design.

Typical Dry Bath

Typical Wet Bath

Taupe - Model 992

Many manufacturers are building aluminum frame truck campers nowadays, but aluminum frames are not all the same. We are proud of the quality materials we use and the construction methods we employ to build America's best selling full wall slide out truck camper. There's no doubt that our Arctic Fox truck campers are attractive, but what really sets us apart from the competition is how beautifully they're constructed. From our heavy gauge aluminum with continuous welded joints and solid fill anchor blocking, to our bonded full walk on roof (that will support 29 employees), the Arctic Fox Truck Camper is truly a thing of beauty. Once you've owned an Arctic Fox, you'll never be satisfied with less. That's why we say... "Beauty is more than skin deep!"

Northwood is pleased to introduce you to the Arctic Fox Truck Camper. With eight plans to choose from, there is an Arctic Fox to fit the needs of nearly every camper buyer. You can purchase your Fox Camper with confidence because Northwood builds more slide out truck campers than any other manufacturer! Arctic Fox offers a wide variety of features and options sure to satisfy your truck camper needs. That's because The Fox was designed with the informed camper purchaser in mind. We invite you to take a closer look and you'll see why Arctic Fox is the truck camper of choice for the experienced buyer.

When you compare the specifications of our slide out with the competition, you will see why Arctic Fox continues to be the industry leader. Our full wall slides are up to 26" deep, and our aluminum super structure slide out operates under heavier load conditions than competitors. We build our slide outs right, using dual ram rack and pinion slide mechanisms. Many competitors rely on a single slide mechanism. The dual rams carry the slide-out room smoothly even under full load weights. Five separate seals insure against water intrusion. The slide room is completely insulated for your comfort in all weather conditions. We will continue to lead the industry in innovative slide out camper engineering.

Chestnut - Model 811

Feature fabrics enhance the Presidential Cherry finish hardwoods and textured wall boards. You have your choice of a number of beautiful interior decor colors. We use only commercial grade vinyl floor covering and you also have the option of a removable carpet kit. (Carpet kit not available in the 865 and 992 model.)

Northwood Manufacturing reserves the right to modify options, change feature availabilities and plan configurations at any time. Please note that weights are approximate and for estimation purposes only. Specifications and weights are subject to change without notice.

Camper Safety Tips

For your safety while driving, use mirrors that allow you to view past the camper to the rear on both sides. Trucks can be purchased with extended mirror options or you may purchase mirror extensions. Truck manufacturers state that you should not exceed the GVRW for the vehicle that carries your camper. The configuration of your truck will determine what size camper your vehicle can carry. A dual rear wheel truck is advisable for Arctic Fox Campers over 10 ft. Adjustable air bags will help to level your vehicle transfer rear axle weight forward

for comfort and safety and are recommended for all Arctic Fox applications. Some states allow passengers to ride in the camper, but it is not recommended as there are no seat belts available. When driving in any adverse weather condition it is always best to reduce your speed. The pickup should be outfitted with a durable rubber mat liner to reduce shifting while traveling. The mat will also protect the truck bed and camper from scratching while loading and unloading.

Use **TORKLIFT** frame mounted camper tie downs for greatest safety. www.torklift.com

111 Reasons To Buy An Arctic Fox

Construction

- Aluminum Superstructure
- Welded Aluminum Framing (.060" - .125")
- 2 lb. Virgin Block Foam Insulation
- Full Walk-On Roof

- Dinette Storage Door
- Pull-Out Pantry
- TV Antenna
- FANTASTIC © Reversible, Multi-Speed Fan
- Coordinated Bedspread & Shams
- Bedroom Front Shelf

THE BENEFITS OF LOCALLY PURCHASING YOUR RV :

- * You enjoy valuable relationship building with Dealer Representatives, close to your home, who will explain the features and benefits of the product.
- * You receive a full product orientation prior to delivery, which includes hands-on directions for many of the coach's systems and functions. You are also introduced to the Dealership's Service/Parts/Warranty personnel who are at the ready to help you with any issues you may encounter, now and in the future.

- * You enjoy customer PRIORITY. Dealerships generally service their purchasing customers first - others may experience long delays and miss opportunities to use their RV. What is it worth for you to have a dealership's full attention and motivation to satisfy you when you need service - in a timely manner?
- * Valuable TAX dollars and jobs stay in YOUR community which pays for your roads, schools, police and fire departments.

Thank you!

Ron and Sherry Nash

Thank you for taking a moment to check out our Northwood products. Our highest priority is to offer you the best combination of quality and value in an RV and we are confident you will appreciate and thoroughly enjoy your Northwood RV purchase for many years to come.

ONLY ONE OR TWO THREADS ARE SECURING THE FASTENER

Full Walk On Roof - 29 Employees On Board!

When Northwood advertises a "Full Walk-On Roof" for our slide out truck campers, you not only can walk everywhere on the roof, but you could also invite a couple dozen of your friends to join you!

We tested the strength of our 1150 full-wall slide model by loading the roof with 29 of our camper line employees (a good testimonial for our camper jacks too!).

Structural Aluminum Basement Floor Frame

Big holding tanks require a 'Big' floor structure...
That's the Arctic Fox floor!

Thick wall aluminum basement floor joists support our holding tanks under the basement of every Arctic Fox Truck Camper.

Fully Insulated Holding Tank Compartments
